CITY OF CLEVELAND
Mayor Frank G. Jackson

FOR IMMEDIATE RELEASE:
March 29, 2020

City of Cleveland Provides General Updates on Coronavirus (COVID-19) Protocols -Update #20

CLEVELAND – In accordance with Mayor Frank G. Jackson’s Proclamation of Civil Emergency, the City of Cleveland continues to take numerous precautions across multiple departments and divisions amid increasing cases of coronavirus (COVID-19). [Click here to view the mayor’s declaration](#). As a reminder, the State of Ohio’s stay-at-home order will remain in effect until 11:59 p.m. on April 6, 2020. [**It is important to read the order in entirety.**](#)

“Today, the City of Cleveland was informed of our first resident who passed away from complications related to coronavirus. I extend my sincere condolences to their family and friends,” said Mayor Frank G. Jackson. “We will see more cases, and more fatalities in the days and weeks ahead because this virus doesn’t care about your age, your income or your race – no one is immune. Every day, I am leading this administration to work for you to provide the essential services you need and protect residents and employees. We need you to do your part, stay at home, practice social distancing and help slow the spread.”

Essential services such as Police, Fire, EMS, waste collection and Utilities are fully operational.

Cleveland Records First COVID-19 Fatality, 9 New Cases

The Cleveland Department of Public Health today has been notified of its first COVID-19 fatality. The patient was a female in between 70-80 years of age.

The department has also been notified of 9 more confirmed test results for coronavirus in residents of the city. This brings the total to 101 confirmed cases. The new cases include males and females, whose ages range from 20's to 90's. CDPH is working to identify any close contacts of these residents who would require testing or monitoring for symptoms of COVID-19.

In order to protect the individuals' privacy, the Cleveland Department of Public Health will not be releasing any additional demographic information related to these new cases.

As of today, there have been more than 130,000 confirmed cases and 2,300 deaths related to COVID-19 in the United States.
